

# Intermediate Power Point Exercise

Follow the Bouncing Ball!

1. Create a new PPT presentation
2. Keep the Title Slide, and add 4 new slides
3. Title: Bouncing Ball
4. Using the master slide feature, change the font of the entire presentation
5. In the Transitions Tab
  - a. Add a transition, with
    - i. A noise
    - ii. Timing set to advance automatically every 5 seconds
    - iii. Apply to all slides
6. Using the Insert Tab, add to second slide;
  - a. A circle
    - i. Rotate it, shade it and add a drop shadow
7. Add the same circle to the next 2 slides
8. In the first slide, add multiple curved motion path animations to make it bounce across the screen and off the edge
  - a. **\*\*Bonus Points**, change the height of the arc
9. In the second slide, do the same. Have the ball start off screen and bounce across off the edge
10. In the 3<sup>rd</sup> Slide, find the bounce motion path, under more motion paths and stretch it to bounce off the screen
11. Add the following titles to the slides
  - a. Slide 1 – Hey Ball, Get Outta here!
  - b. Slide 2 – Move it along!
  - c. Slide 3 – That’s right! Out!
