

Internet Practice Exercises

Exercise A: Search Engine

1. Find **Aer Lingus** on google.com (search engine)
2. Choose the first link which is named **Cheap Flights**
3. Then click on the contact link. Write down the phone # to call here in the U.S.
4. Afterwards click on the **home** link and find price tickets to Dublin. Choose the following:
 - One way flight
 - In the **TO** section, type : **Dublin**
 - Choose any date
 - Click the **Book Now** button

The screenshot shows a flight search interface with a green header and white background. The 'Flights' tab is selected, and the 'One-way' option is highlighted with a black box. The origin is set to 'New York (JFK), United State' and the destination is 'Dublin (DUB), Ireland'. The departure and return dates are both set to '24 February'. The fare type is 'Lowest' and the date flexibility is 'Flexible dates'. The number of adults is '1', children is '0', and infants is '0'. A 'Book Now' button is highlighted with a black diamond. An arrow points from the 'Book Now' button to the 'Dublin (DUB), Ireland' destination field.

Exercise B: Address Bar & Links

1. In the address bar, type: **mta.info**, then hit the enter key to go to the website
2. Click on the **MAPS** link
